Welcome to 2020 Benefits Open Enrollment

October 28 - November 8, 2019

This year's Open Enrollment period is **October 28 - November 8, 2019**, and is the only time of the year when benefit eligible employees may make certain changes to your benefits coverages.

This is also a good time to review the benefits and plans available to Litepoint employees to make sure that you are taking advantage of all the benefit programs and opportunities.

The decisions you make during Open Enrollment affect your whole family, so please make sure to share all Open Enrollment information with the other decision makers in your household. All information is accessible remotely by visiting www.litepoint.com/benefits.

If your spouse or significant other has benefit questions, they can also contact the HR Service Center directly by calling 978-370-3041 or email hr.service.center@teradyne.com. We'd be happy to help them.

Although Teradyne intends to continue its benefit programs, the Company reserves the right to review, modify and/or discontinue, or terminate its benefit plans for both retirees and active employees at any time.

FLEXIBLE SPENDING ACCOUNT (FSA)

A Flexible Spending Account (FSA) allows you to set aside a portion of your pay pre-tax to use for medical, dental, vision, and child care/elder care expenses that are not covered by insurance, or only partially covered. Because it is deducted from your pay before taxes, you can save up to 30% on your dollar (depending on your tax bracket)! Estimate how much you usually spend on these types of expenses in a year and set aside that dollar amount into your FSA.

Use tax-free dollars to pay eligible health care and dependent care expenses.

HEALTH INVESTMENT PLAN

With the Health Investment plan you may be able to:

- Plan for retirement; building up an HSA balance that, over time, can feel like first-dollar coverage
- Realize better saving what you would otherwise pay in higher premium contributions and get an HSA contribution from Teradyne
- Still have deductible waived for certain preventive care medications - Visit www.teradyne.com/benefits for a listing for more information and a listing of applicable medications.

Teradyne Can Help You Save for Future Health Expenses

Have you thought about the cost of health care as part of your retirement strategy?

According to the latest retiree health care costs estimate calculated by Fidelity Benefits Consulting, a 65-year-old couple retiring this year is estimated to need \$285,000 to cover medical expenses throughout retirement.

For a complete list of IRS-allowable health care expenses, refer to IRS Publication 969 and 502 at www.irs.gov.

Teradyne funds 50% of the plan deductible up front for each of the HSA plans.

Employee HSA contributions are available for use consistent with year-to-date payroll contributions.

Teradyne will front end load the 2020 Employer HSA Contribution by January 15, 2020.

HEALTH SAVINGS ACCOUNT

In partnership with the Health Investment Plan and the Kaiser HSA (CA only), your Fidelity HSA is a federal tax exempt, portable, personal account. This plan provides a vehicle for employees to contribute pre-tax dollars into interest-bearing deposit accounts or mutual funds (once the minimum balance is reached).¹

¹ Contributions, investment earnings, and distributions may or may not be subject to state taxation. See your tax professional for more information on state implications of HSA's if you live in CA or NJ.

Did you know that approximately 95% of Teradyne employees with family level coverage would have been financially "better off" if they had elected a medical plan partnered with an HSA account?
